EYFS – Knowledge and Understanding

Year Group	Context /Theme	Chronology	Interpretatio	Progression in characteristic features	Cause and consequence	Historical enquiry	Representation	Organisation and communication
EYFS 40-60 mths ELG	Me and my family	Sequences images of themselves as baby, toddler and infant, sorting pictures and objects, matching them to babies, children and adults.	Children can identify differences between versions of the same event	Children can see how life must have been different in the past because the nursery rhymes show kettles without plugs, wells for water, etc.	Can explain why they took the action they did when discussing 'myself'	Can say whether a picture is of a baby or a toddler and explain why.	Know that a familiar event, like a birthday, can be represented in different ways, e.g. a photograph, a video and memories.	Can talk about pictures of themselves using appropriate vocabulary, eg: 'when I was a baby' Will write simple captions – some will write elementary sentences to describe, e.g. an old teddy.

Area of Learning	Summary of Development Matters statements for 'Observing what children are learning'	Classroom activities
Number	Know that things exist, even when out of sight • Recognise some numerals of personal significance • Place numbers in order	Introduce children to simple number tracks and lines to build sequencing skills • Make books about numbers that have meaning (e.g. birthdays)
Shape Space and Measure	Understand some talk about immediate past and future, (e.g. before, later, sooner) • Measure short periods of time in simple ways, order & sequence familiar events	Share a daily visual timetable with the class, so that the children can identify and describe patterns in daily routines. • Use sand-timers so that children can observe the passing of time.
Understanding and Speaking	Use everyday language related to time • Begin to talk about people and things that are not present • Retell a past event in the correct order • Use talk to organise, sequence and clarify thinking, ideas, feelings, events • Use language to recreate roles and experiences	Create a class time-line using photographs of key events (e.g. first day at school, class visits, special assemblies etc.) Add to this over the course of the year. If possible, pass it on to the next teacher to continue.
Reading	Show interest in illustrations and print in books; listen to stories with increasing attention and recall • Know that information can be retrieved from books and computers	Ensure children have access to a range of nonfiction texts, as well as a wide range of fiction books which have historical settings (e.g. traditional tales)
Making relationships	Explain own knowledge and understanding • Asks appropriate questions of others	Use traditional 'show and tell' sessions to provide opportunities for pupils to talk about experiences that are special to them
People and communities	Learn that they have similarities and differences that connect them to, and distinguish them from, others • Remember and talk about significant events in their own experience	Develop home-school learning journals so that each child has their own recorded narrative of the year. These can include parent/carer observations, photographs and pictures
The World	Develop an understanding of growth, decay and changes over time • Look closely at similarities, differences, patterns and change	Create opportunities to examine changes over time (e.g. growing plants, hatching eggs, looking at baby photos)

KS1

KS1: To develop an awareness of the past using common words and phrases relating to the passing of time.

E.g. before I was born, when I was younger...

- Using words such as: before, after, past, present, then, now correctly.
- To know where people they study fit within a chronological framework and identify similarities and differences between ways of life in different periods.
- They should use a wide vocabulary of everyday historical terms.
- They should ask and answer questions, choosing and using parts of stories and other sources to show that they know and understand key features of events.
- They should understand some of the ways in which we find out about the past and identify different ways in which it is represented.

Pupils should be taught:

Changes within living memory - *where possible aspects of change within national life; events beyond living memory significant nationally or globally (e.g. The first aeroplane flight, events commemorated through festivals or anniversaries)*

To know about lives of significant individuals who have contributed to national and international achievements (e.g. Neil Armstrong, Mary Seacole, Florence Nightingale)

Whenever pupils study a theme they should be comparing not just 'then' and 'now' but 'then' with another 'then', eg: Victorian seaside scene with 1930s or 1950s scene and then today so that they see the similarities and differences.</p> <p>Can offer reasons why simple changes occur,</p> <p>Can also see that not everyone in the past had the same experience, eg: when studying Victorian Christmas, children grasp that the poor had very little food to eat and very modest presents, whereas the rich had a very different experience.</p>	<p>Can give clear explanation of an important event, offering two or three reasons why an event took place,</p> <p>Can give a few reasons for more complex human actions, e.g. why someone might want to do something unusual or for the first time or where there is no modern equivalent.</p> <p>More-able pupils certainly should be able to give a few consequences of events/people's actions</p>	<p>Use artefacts, pictures, stories, online sources and databases to find out about the past</p> <p>Ask and answer questions such as What was it like for a...? What happened? How long ago?</p> <p>Can find answers to questions about objects by looking in books.</p> <p>Realises that we can find out about a person's life by using a range of sources, such as letters, as well as books.</p> <p>Can ask simple, but relevant, questions of the teacher in the role of someone in the past</p> <p>Can draw simple conclusions about their own lives and others around them by reference to clues in evidence</p> <p>Are able to gather ideas from a few simple sources when building up their understanding</p> <p>Can spot the differences between sources and come to a conclusion as to the most common view.</p> <p>Able pupils make deductions from photographs, going beyond the literal and what can be seen and are able to realise that there are potential weaknesses in eyewitness accounts.</p>	<p>Can spot differences between versions</p> <p>Realises that there may be more than one way of looking at a significant historical person</p> <p>Realises that not all sources of information answer the same questions and that not all written accounts give exactly the same answer.</p> <p>Understands that grandparents' recollections of their childhood seaside holidays might vary</p> <p>Understand that people can disagree about what happened in the past without one of them being wrong. This is an important idea.</p> <p>Understands that it is not always possible to know for sure what happened, people have to use their imagination to reconstruct some events e.g. the sinking of the Titanic.</p>	<p>Can write simple sentences containing period-specific detail about a day at the seaside 100 years ago.</p> <p>Label and annotate a Victorian seaside picture, showing awareness of significant features not seen today, e.g. dark heavy clothing, bathing machines.</p> <p>Makes increasing use of period specific vocabulary, e.g. bathing machine, pier.</p> <p>Retells a complicated story in a simple, structured way, using temporal markers e.g. after the war, when she was a young girl</p> <p>Can explain why the Great Fire spread so quickly using phrases such as another reason was' and 'also' which connect the various ideas</p> <p>Has more use of time conventions when writing in history, e.g. 'hundreds of years ago', 'in 1666', 'in Victorian times', 'when my Grandad was a boy'.</p>

KS2

Year 3 – *Knowledge and Understanding*

KS2 Pupils continue to develop a chronologically secure knowledge and understanding of British, local and world history, establishing clear narratives within and across the periods they study.

- They note connections, contrasts and trends over time and develop the appropriate use of historical terms.
- They regularly address and sometimes devise historically valid questions about change, cause, similarity and difference, and significance.
- They construct informed responses that involve thoughtful selection and organisation of relevant historical information,
- They understand how our knowledge of the past is constructed and shaped from a range of sources.
- In planning progression, we ensure that British, that we teach both local and world history and encourage our pupils in further research to deepen their understanding.

Pupils will learn about various events from:
Changes in Britain from Stone Age to the Iron Age, the Roman Empire and its impact on Britain, Britain's settlements by Anglo-Saxons and Scots, the Vikings and Anglo-Saxon Struggle, British history beyond 1066, achievements of the earliest civilisations, Ancient Greece and a non-European society
