

Dear Parents and Carers,

Community is a valuable part of our children's education, and as such we have welcomed visitors into school this week to enhance our learning.

Ellie from Shropshire Wildlife Trust is now a familiar face around school. She has worked with classes this week to teach them the value of our wonderful outdoor environment. This week Ellie has helped to develop our outdoor environment and support children with outdoor learning. She has installed a sail on the field, where we can enjoy outdoor activities, under cover. Ellie and the staff also planted a tree with our youngest children in Bumblebee Class. This was a symbol of hope and to illustrate how our staff will work with each child to help them grow.

This week we also welcomed Scott Smither, who delivers our 999 club, to teach our children about e-safety. If you visit

you can find lots of useful resources for you and for your child. From setting up parental controls to advice on online games and video apps, they can help you to understand the risks and keep your child safe.

Have an enjoyable weekend.
