

Dear Parents and Carers,

This week, as well as the summer solstice, Wednesday was our very sunny Summer ASPIRE day! The day was organised to celebrate one of our school values- Aspire- and our goal was to ensure that every pupil felt inspired. So, we invited in a range of local businesses and organisations to talk to the children about their jobs. It was a fantastic success – we had Jane Smellie Opticians, Mark Hares from Barbers, a helicopter from RAF Shawbury, Chefs Stuart, and Fran from Docket 33 and four very energetic personal trainers from the Hill Valley! The children were full of awe, wonder and plenty of questions. The day left a very special impact on our children and staff, there were smiles all round, creating special memories and aspirations for the future!

Class Parent assemblies continue next week, with Squirrels at 2:15pm on Monday! Don't forget about our Science Fair on 7<sup>th</sup> July. Click [here](#) for some Science inspiration! Take care and have a lovely weekend,

## BE CURIOUS

Pupils & Parents  
Take part in our Science Fair on Friday 7th July 2023!

1. Choose a Science investigation from the selection on our website [here](#) (or ask in the office for a paper copy) or create your own.
2. Complete the investigation at home.
3. Record your investigation however you want to - drawings, powerpoint, photographs
4. Bring your results/ presentation into school the week commencing 3rd July.
5. On Friday, July 7th you will be able to present your investigation to the school (with help from staff if you would like it)
6. All entries will receive a badge and certificate.
7. A special Science judge will award 1st, 2nd and 3rd prizes
8. Parents will be invited to view all entries in the school hall from 3:00-5pm

**Relationships & Transitions**

Young people go through all kinds of changes as they grow up – including when they move into a new class, go to secondary school, move to a new house or area, or experience changes within their family. You may see the following:

- Changes in sleep patterns, eating habits and behaviour

What can I do:

- Get involved with what's going on in their lives
- Keep talking, texting, sharing, sympathising, smiling.
- Be interested in what's going on in their heads.

### The Global Goals - Did you know..

The summer solstice (21<sup>st</sup> June), also known as midsummer, is when one of Earth's poles has its maximum tilt towards the Sun. It's the longest day of the year or, in other words, the day that we experience the most daylight. This is because the Sun travels the longest path through the sky on the day of the summer solstice
